System administration, 2026

PROFILE

Over 9 years in customer service across telecom, fintech, e-commerce and delivery companies. I have grown from operator to call center manager: resolving complex cases, launching a team from scratch, implementing service standards, moderating content and localizing customer communications. Today I am responsible for service quality at Yandex Eats.

9+ years in customer service

EXPERIENCE

02.2024 - present — ***Yandex Eats*** · Quality Assurance Specialist
Auditing chats and calls with customers, partners and couriers against the quality scorecard and knowledge base. Error analysis, feedback and recommendations for agents. Order checks in the admin panel and CRM; localization of response templates into Uzbek.

06.2023 - 02.2024 — ***Uzum Technologies*** · Content Moderator
Moderating user-generated content for compliance with platform policies and promptly removing violations. Localizing support macros RU-UZ and UZ-RU.

02.2023 - 04.2023 — ***Fish and Bread*** · Call Center Team Lead
Launched a call center from scratch: hiring and training the team, developing service standards and monitoring compliance.

08.2022 - 02.2023 — ***Uzum Nasiya*** · Senior Operator
Coordinating operators, resolving complex and escalated cases, monitoring service quality.

04.2021 - 08.2022 — ***Click*** · Technical Support Specialist
Supporting payment system customers: resolving technical and payment-related issues.

02.2017 - 10.2020 — ***O'zbektelekom*** · Operator, 1st Category
Handling citizens' inquiries submitted via the portals of the President of the Republic of Uzbekistan, the Ministry of Communications and the State Communications Inspectorate.
